

"QUICK MEAL" OIL STOVES

No. 9274

Keep Your Kitchen Cool in Summer

WHY should you have to stand over a hot coal or wood fire during the hot summer days? No matter if you buy a wick oil stove or a wickless, cook with oil this summer and save yourself.

The stove shown above is a high-grade wickless oil stove. The frame is identically the same body as that used in our "Quick Meal" wick oil stove, the only difference being that the one shown here is fitted with

wickless burners and uses an asbestos ring, whereas the "Quick Meal" stove shown below uses a wick.

Quick Meal wickless oil stoves are very easy to operate. When the indicator attached to the valve points to a certain number on the dial plate, the flame will be just a certain size and when turned back to number one on the dial plate, the burner will go out. In this way all guess work is overcome. A device for lifting up burner-drum makes it easy to light. "Quick Meal" oil stoves give an intense blue flame, a more economical stove could not be made. Large glass tanks in place of metal tanks used on other stoves is another big improvement.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if you head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

THE AUTOMOBILE IN WAR TIMES

"The automobile is soon to have the chance of its life time to demonstrate its utility and forever put an end to the question as to whether it is a necessity. And it is going to make good." Such is the opinion of Mr. Nicolai of Nicolai & Son, local dealers in Oldsmobiles. "It is all coming about in a most exceptional and unexpected manner and the wind up is going to immeasurably increase the reliance and dependence that is being placed on the automobile more and more every day."

"The instructions recently issued by the special war board in control of the operations of railroads in the United States while on a war basis, orders a general reduction of train service that equipment may be available for war purposes. The railroads are told to consolidate through trains, reduce the number of trains (both freight and passenger), especially on branch lines, and to use mixed trains for freight and passengers where possible."

"While there will no doubt be a general curtailment of passenger service, patrons of the main or trunk

lines will find plenty of other through trains available to carry them anywhere and without great loss of time; but on the branch lines and on the non-competitive lines where facilities are always held down to the minimum, it is going to work a real inconvenience and possible hardship. Spurred on by grim necessity, travelers and particularly traveling salesmen are going to work out some solution and that solution is going to be the automobile. More and more will it be relied on for transportation and it will be pressed into service for much greater distances than in the past. Moreover, I expect to see a greatly increased number of salesmen using them for all their traveling.

"For the same reason the motor truck is going to 'do its bit' and we can expect to see regularly established automobile truck service for one hundred miles or more in various directions from most distributing centers.

"It all means that automobiles and trucks are going to be in greater demand than ever, and as soon as business readjusts itself to new conditions and we begin to feel the effects of the billion dollar expenditure to be made for war purposes, we are going to see such a demand for automobiles and trucks as was never known before."

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

DATES FOR COMING EVENTS

- June 5 to 7—Nebraska-Iowa Funeral Directors Joint Meeting at Omaha.
- June 5-6-7—State Association of Postmasters' Meeting at Lincoln.
- June 15 to 24—Nebraska State Holiness Association camp meeting at Lincoln.

- June 19-20—Nebraska State Sunday School Convention at Omaha.
- June 25 to 27—International Ass'n of Railway Special Agents and Police Meeting at Omaha.
- June 25 to 30—State Golf Tournament at Lincoln.

LOCAL BUREAUS ORGANIZED

During the first week of its existence, the State Labor Bureau, conducted under the direction of the Agricultural Extension Service of the University of Nebraska, organized labor bureaus in 77 Nebraska towns and cities. These bureaus list local demands for farm labor as well as all available labor. In many cases, farmers ask their merchants, commercial club secretaries, post-

masters, or other business men to take charge of such bureaus.

The State Labor Bureau is urging that every man who has any spare time in the summer list himself with a labor bureau. Professional men, business men, boys and retired farmers are urged to give all the time they can spare to help the farmer. Some Nebraska merchants have made a practice of closing their stores and helping shock grain or pitch hay when help is needed most.

Organization of local labor bureaus is proceeding very rapidly, and the state bureau hopes to have an organization in every community in the state within two weeks. It is felt that most of the demand for labor can be supplied at home if "jobs" and "jobless" can be brought together.

Worms Make Children Fretful

Children suffering from worms are dull and irritable, puny and weak, often grind their teeth and cry out in sleep, being a constant source of worry to their parents. Kickapoo Worm Killer is a mild laxative remedy in candy tablet form that children like to take. Promptly effective, it kills and removes the worm from the system. Irregular appetite and bowel movement, lack of interest in play are sure signs of worms. Relieve your child of this burden. At all druggists, 25c. Adv-1

You Need a Spring Laxative

Dr. King's New Life Pills will remove the accumulated wastes of winter from your intestines, the burden of the blood. Get that sluggish spring fever feeling out of your system, brighten your eye, clear your complexion. Get that vim and snap of good purified healthy blood. Dr. King's New Life Pills are a non-gripping laxative that aids nature's process, try them tonight. At all druggists, 25c. Adv-1

WOMEN WILL TEACH CANNING

A large number of Nebraska women and girls will be taught canning this summer in special canning schools to be conducted by the Agricultural Extension service of the University of Nebraska in all parts of the state. Twenty-seven towns have already completed plans to hold canning schools.

Attendance at these schools will be limited to men and women who pledge themselves to teach others how to can. They will probably be used in teaching groups of women or girls in their own localities. Garden supervisors and representatives of women's clubs, aid societies, and other organizations will be permitted to attend.

Sloan's Liniment for Rheumatism

The torture of rheumatism, the pains and aches that make life unbearable are relieved by Sloan's Lin-

iment, a clean clear liquid that is easy to apply and more effective than musky plasters or ointments because it penetrates quickly without rubbing. For the many pains and aches following exposure, strains, and muscle soreness, Sloan's Liniment is promptly effective. Always have a bottle handy for gout, lumbago, toothache, backache, stiff neck and all external pains. At druggists 25c. Adv-1

BUY JARS NOW

Persons who intend to do a large amount of canning this summer are advised to order their jars at once, in order to avoid possible delay when the canning season arrives. There is likely to be a shortage of tin cans, but manufacturers of glass jars have assured the United States Department of Agriculture that there will be no shortage of jars and that prices will be but little higher. However, if orders are not placed until fruits and vegetables are ready to can, it is possible that local dealers may be unable to supply jars on short notice, owing to delays in ordering and in transportation.

Mr. Business Man, on your next trip take along some artistically printed business cards. The expense is light and they are business getters. The Herald's job printing department will turn them out promptly. Phone 340 and we will call.

How a Home Differs from a House

The difference between a Home—a place that is permanent and where Home is paramount, and a House—a mere place to live in—is easily distinguished. A casual observer explained it in the following manner:

The lack of Music is the real difference between a house and a HOME. Contentment, Comfort and genuine Pleasure are the main attractions of a real Home, and no one will doubt this Statement. Are the Young Folks of Your Family Contented and happy? Is home to them the dearest spot on Earth, or are they away from home most of the time seeking something they have not got at home—Pleasure and Entertainment? If so, we have a solution. One of our Pianos or Player Pianos will fill that long-felt want, making Your Home more attractive and therefore the members of Your Family contented. This big subject could not be handled or fully explained in an advertisement as small as this, but if You will call at Our Store in any of the cities in which we have stores, we will be glad to give you additional Facts that will set you to thinking and cause you to understand why it is that Music in the Home is the most desirable thing that the family could have.
